Dear Dr. Mancini:

Re: November 16, 1988 Letter, William C. Rusnack
to Brack W. Duker (ARCO Cost Sharing)

For your information, work on the Carbon Paste Plant Exhauster (Item 1 in referenced letter) is underway and is about 80% complete. Work is continuing and projections are that the work will be completed in about four months.

I have attached a breakdown of project costs as of January 9.

Do not hesitate to call if you have any questions.

Sincerely,

T. F. Payne
Technical Manager
